RENEWABLE ENERGY QUALIFICATIONS

Natural Resource Management	Master of Natural Resource Management and Ecological Engineering	2 years	Lincoln University
	Master of Water Resource Management	2 years	University of Canterbury
	Postgraduate Diploma in Water Resource Management	1 year	University of Canterbury
	Master of Environmental Management	1 year	Massey University
Energy	Master of Energy	1 year	University of Auckland
	Master of Science in Energy Studies	1 or 2 years	Otago University
	Master of Applied Science in Energy Management	1 year	Otago University
	Postgraduate Diploma in Energy Management	1 year	Otago University
	Postgraduate Diploma in Science in Energy Studies	1 year	Otago University
	Postgraduate Diploma in Applied Science (in Energy Management)	1 year	Otago University
Geothermal	Postgraduate Certificate in Geothermal Energy Technology	1 semester	University of Auckland
	Master of Science (Technology)	2 years	University of Waikato
Solar	Master of Engineering	1 year	University of Waikato
Hydrothermal	Master of Water Resource Management	2 years	University of Canterbury
	Postgraduate Diploma in Water Resource Management	1 year	University of Canterbury
Energy Policy	Master of Environmental Management	1 year	Massey University
Engineering Studies	Master of Engineering/ Studies	1 year	Massey University, University of Waikato, University of Auckland, Canterbury, AUT
	Master of Engineering Studies (Renewable Energy Systems)	1 year	Massey University
	Master of Engineering Studies - Energy Management	1 year	Massey University

	Master of Engineering (Power and Energy Engineering)	1 year	Auckland University of Technology
	Postgraduate Certificate in Engineering Studies	1 semester	University of Canterbury
Geology	Master of Science in Applied Geology	1 year	University of Otago
	Master of Science in Engineering Geology	16 months	University of Canterbury
	Master of Science in Geology	1 and 2 years	University of Otago
	Master of Science in Geology	1 year	University of Auckland
	Master of Science in Geology/Earth Sciences	1 to 2 years	Victoria University
	Master of Science in Applied Geology	2 years	University of Auckland
	Postgraduate Diploma in Applied Geology	1 year	University of Otago
	Postgraduate Diploma in Engineering Geology	1 year	University of Canterbury
	Postgraduate Diploma in Science (Geology/Earth Science)	1 year	Victoria University
	Postgraduate Diploma in Science (Geology)	1 year	University of Canterbury
	Postgraduate Diploma in Science (Applied Geology)	1 year	University of Auckland
	Postgraduate Diploma in Science (Geology)	1 year	University of Auckland
	Postgraduate Diploma Earth Sciences	1 year	University of Waikato
	Postgraduate Diploma in Science in Geology	1 year	University of Otago
Technology	Master of Technology - Energy Management	1 year	Massey University
	Master of Science (Technology)	2 years	University of Waikato
	Postgraduate Diploma in Technology - Energy Management	1 year	Massey University

There are a range of Postgraduate qualifications in New Zealand including one year Master degrees. This is not an exhaustive list. For more information go to http://www.studyinnewzealand.com
